MR. FLY GETS "LEFT"

Knocked out in the first round, by the new champion Home Defender Screen—the Wheeler. Great joy in the family—distant and alarm among the Peas and Vennies on the "Bleachers." The fallen terror, victor in all previous contests, could not reach his antagonist once, but was out-boxed from the start by the New Woman; her able second, Mr. FULL, did nothing but smile, while Mr. Fly was being stimulated in vain with Upheld tea. Buy the Home Defenders—The Wheeler Self-Fitting Screen Sash, Every fault of every other screen avoided—every merit surpassed. Seeing is believing—come and see.

DEMOCRATS WANT WALL.

Wisconsin Man Strongly in Evidence at the Milwaukee Convention Yesterday. Hearst Men are Defeated.

At Milwaukee yesterday the democrats in session at the State Convention endorsed E. O. Wall of Wisconsin for president, and it was decided that the 26 delegates from Wisconsin should vote as a unit for Wall until his name is withdrawn.

The delegates at large in the state are David S. Rose of Milwaukee, Timothy E. Ryan of Waukesha, Neal Brown of Wausau and Chas. H. Waisse of Sheboygan Falls.

The delegates to the national convention from this, the tenth congressional district, are Henry E. Fitch of Nekoosa and W. G. Fordyce of Butternut. Alternates: Eugene B. Fair of Wausau and M. G. McDevlin of Hurley.

Wood County men were in evidence at the convention, as D. D. Conway of this city was appointed chairman of the committee on credentials, Henry Kulsch of Marshfield was on the committee on permanent organization, and John P. Hume was announced as chairman of the congressional delegates from this district.

The following are suggestions made which show the standing of the democrats of Wisconsin:

1. We favor the stringent enforcement of the laws against the unlawful and monopolistic combinations of capital, to the end that so-called "trust organizations" may be exterminated.
2. We favor a tariff for revenue only.
3. We favor the repeal of all tariff taxes upon all trust-made articles.
4. We favor free and uninterrupted commerce between all of the people of the United States.
5. We favor deposit of surplus public moneys in safe bank depositories upon adequate security and at current rates of interest.

Another frost visited this section on Saturday night and Sunday morning the thermometer at the court house showed that the temperature during the night had been only 30 degrees.

On the marshes, however, the mercury went considerably lower, reports from the Gaynor marsh being that it had gone down to 25 degrees. This is a very decided freeze and means that there may possibly have been considerable damage done. Ice was farmed on the water on the marshes, showing that the freeze had been very pronounced.

During a conversation with Judge Gaynor on Sunday that gentleman stated that there might possibly be a great deal of damage to this year's crop, although he did not say that there would be, but that it might be some time before the matter could be decided definitely. Several of the cranberry men in this district anticipated the cold by flooding their marshes Saturday, thus at least protecting the vines that are under water.

Judge Gaynor received a request from the weather bureau last week asking for a daily report from both the weather observatory in this city and also at the experiment station on the marsh, and by noting the difference in temperature for some time it

is probable that the time will come when the bureau will be able to give forecasts that will be of great benefit to the cranberry growers.

Girl Seriously Burned.
The six-year-old daughter of Mr. and Mrs. W. J. Matthews of the town of Savatoga was badly burned on Thursday.

Mr. Matthews was engaged in heating some lard and turpentine on the stove for the purpose of making a salve when the mixture caught fire. Mr. Matthews picked up the dish and threw it out of the door just as his daughter came in and the result was that she was quite badly burned about the head and face.

A physician dressed the wounds and it is expected that the little girl will get along all right.

Seventh Graders Meet.
A baseball team from the seventh grade at Stevens Point came to this city on Saturday and met a team from the seventh grade here. The game resulted in a victory for the home boys by a score of 25 to 3. The boys are greatly elated over their victory.

RIVER GIVES UP DEAD.

Body of Andrew Rensch of Stevens Point Found at Biron.

The body of Andrew Rensch, who in company with a companion, was carried over the dam near Stevens Point on May 20, was found in the pond near the Biron paper mill on Saturday afternoon.

The discovery was made by one of the employees of the paper mill who was engaged in clearing the flood trash away from above the wheels. He at once notified his fellow employees and Natwick & Carhart the undertakers were telephoned for. T. J. Cooper of this city also went to Biron where a jury was impounded and an inquest held. The body had been in the water nearly two weeks and was not only badly bloated, but also showed evidences of having received pretty rough usage on its twenty mile trip over the rocks and rapids of the Wisconsin river.

After the body had been viewed by the coroner's jury it was decided that it was that of one of the men drowned at Stevens Point and the authorities of that city were notified of the fact. Peter Kelley came over from Stevens Point the same evening and conveyed the body back by team, where it was interred Saturday afternoon. Deceased was a member of the Catholic Knights of Wisconsin, in which he carried an insurance of \$2000.

HAVE NOT DECIDED.

Marshfield Still in Doubt Concerning Electric Power.

Marshfield News: There was an interesting discussion Tuesday evening at the council meeting on the subject of electric lighting. The commission has been making investigations and quite a careful study of the subject during the past ten days, in order to deal intelligently with the proposition submitted by R. L. Kraus to furnish power by transmission from Grand Rapids. As the subject is entirely new to the aldermen, they are inclined to go slow and be sure of their grounds. Alderman Reynolds, who is a member of the commission, said that the commission was not ready to report with recommendations, but he told of the visit to Appleton and Oshkosh and what they had learned from presumably competent electricians. However, the information gained was so widely divergent that the commission had returned as uncertain, if not more so, than when they went away. Mayor Hoffman also said that the investigation was unsatisfactory. At one place they were told that current could be produced here by a steam plant for about 2 cents, while others told them that the Kraus proposition of 4 cents was a snap. Mr. Reynolds said that in hopes of getting an unbiased opinion they had sent to Chicago for an expert electrician and that this expert with Sept. Dorschel estimated roughly that it would cost from 5 to 5½ cents to produce the current here even after new machinery had been installed. The cost of new machinery approximated about \$15,000. A more careful report will be made by Mr. Boggs, the Chicago expert, at a meeting tomorrow evening and it may be the figures will be better than those given on Tuesday. At the same time the commission may be ready to make some definite recommendations and a report in detail. A number of the aldermen are favorably inclined to the proposition and are convinced that securing the power for lighting is not the only benefit to the city. Mr. Kraus stated that his option will expire on the 15th, but some aldermen think this is too short a time to expect them to be ready to act finally.

Wininger Bros. Own Co.
Never in the history of the dramatic stage, has an organization presenting popular prices amusement, become so popular, as has this one under the able management of Messrs. Wininger Bros. This popularity however is well merited, as there have been few organizations traveling, that have contained so many talented performers, and given such general satisfaction. Between the acts an exceptionally strong line of specialties are introduced, and the whole is augmented by a fine Concert Band and orchestra. At opera house one week next Monday, May 23. Prices 10, 20 and 30. One lady free Monday eve with every 30 cent ticket reserved before 6 p. m.

Marshfield Hags up Purse.
The Marshfield fair association has gotten in line with the other associations in this racing district and besides hanging up an extra purse of \$800 for 2:30 trotters, has also put up a \$1,000 stake for 2:15 pacers. The former will be known as the "Hub City Stake" and the latter as the "Hotel Blodgett Stake." It is probable that the purse for one or more of the Marathon county stakes will also be increased. Considering the amount of money hung up and the compactness of the circuit, this circuit offers attractions to horse owners which are unequalled in small cities.

Circuit Court Matters.
C. B. Goldworthy of Vesper was given a judgment of \$500 against F. H. Otto by Judge Webb on a civil action, Goldworthy alleging slander. The trouble grew out of some election matters, and the case went by default.

Mrs. Thomas Kylie was given possession of her farm south of the city, having brought suit against her son, Thomas. The son had claimed that the mother gave him the farm for services rendered.

GRAND RAPIDS WINS.

Nekoosa Baseball Team Proves Easy on Sunday.

The game of baseball on Sunday afternoon between the Nekoosa and Grand Rapids teams resulted in a victory for the home boys by a score of 13 to 3. It was an easy thing all the way thru for the locals, the Nekoosa boys failing to find the curves of Gorman at any time. The Nekoosa team showed up well at practice, but when they got down to playing they were a trifle wild and let several runs in that should have been shut out.

The Nekoosa boys claim, however, that they will have a better team in the field later in the season and will be able to give a good account of themselves. Following is the line up of the two teams:

Grand Rapids	Nekoosa
Gorman	Petot
Barthol	Buland
Stratton	Fitzgerald
Franks	Finnitts
Horton	Postel
Chichlosky	Jakobs
Vincent	Webb
Russell	Tracy
Charles Laramie, Umpire	Romney

There was a large crowd in attendance, but the receipts were only about \$10 owing to the fact that a large part of the crowd did not pay. The boys hope to be able to erect a backstop and grand stand in the near future and if they do so an effort will be made at the same time to have the grounds fenced. It would seem as if there was great need for enclosed grounds here, not only for baseball games, but also for other athletic meets, it would seem as if a combination might be found by which the burden would not fall very heavy on any body.

WANT A NEW OPERA HOUSE.

People in This City Subscribe Liberally Toward Scheme.

During the past few days T. E. Mullen has been working on his opera house scheme in this city and reports that he is meeting with great encouragement.

Mr. Mullen has adopted the scheme of having the citizens take stock in the concern instead of buying tickets as has been adopted in many places where opera houses have been erected, and it seems from the number of subscriptions he has already obtained that the citizens take kindly to the method.

It is proposed to erect a structure costing in the neighborhood of \$25,000 and to have this capital divided into 2,500 shares of \$10 each. These shares will be sold in any desired quantity to our citizens, and in buying one or more shares of the stock each becomes a part owner of the institution, and if there are any profits he shares in them in proportion to the amount of stock he holds. This is considered a better scheme than selling tickets as it is not a question of who owns the opera house but of getting it built.

During Monday and Tuesday Mr. Mullen was about the city with a subscription paper and he secured about 500 shares of stock, all in small lots of from one to 20, and several of our citizens promised to do even better than any of those already on the list.

The attitude of the people certainly seems to be very favorable to the scheme, and there is no question but what a good opera house properly appointed, would be an addition to the town that would be welcomed by all.

Blue Rock Scores.

The following scores were made by the gun club on Sunday afternoon:

Fourth event, 15 birds—Brown 12, Mason 15.

Big Engine Again Working.

The big engine in the Electric and Water Co's plant has been put in working order again and the load was thrown onto it again for the first time on Saturday night. It seems to run as well as it did before the accident and nobody would suspect that anything had ever happened to it.

Band Concerts Changed.

The band has changed its nights of playing from Wednesday and Saturday to Tuesday and Thursday. The weather up to date has not been of the best for outdoor concerts, but the boys have not failed to get out when and where.

Lost a Horse.

John McCarthy lost a horse on Monday by the animal getting a leg broken, so that it had to be shot. It was hitched to a plow and the team ran away while left standing in the field, the result being that one of the horses was struck by the plow.

ARE GRINDING PULP.

Consolidated Started Part of Machinery Last Friday.

Things have presented a lively appearance at the Consolidated plant since last Friday on which day several of the grinders and wet machines were started up. Since that time the company has been turning out pulp at what seems to move a lively rate, and everything working apparently in fine shape.

All of the grinders have now been placed in position but six of them have been at work a good part of the time. It is the expectation to begin the manufacture of paper in the near future.

The four big dynamos have also been in operation for several days past and everything seems to run smoothly in this part of the plant.

Baseball Saturday.

On Saturday afternoon the E. O. K. club will cross bats with the high school team at the high school campus and a lively exhibition of the national game may be looked for. Some of the E. O. K.'s report themselves to be a trifle rusty on baseball, but they are practicing every night and by Saturday expect to be in good form. The proceeds of the game will go to the high school athletic team.

Got His Foot Crushed.

Joseph Roguski, who is employed in the South Central paper mill, got his foot severely injured on Saturday.

He was working on one of the wet machines when he got a foot caught in the gearing, crushing it severely. As his foot was drawn into the gearing, the belt was thrown off, which probably saved him from a much more severe injury. As it is he will be laid up for some time by the injury.

Dragging Pains

2225 Keeley St.,
Durand, Wis., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groin. I suffered terribly at the time of menstruation, had fainting headaches, and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Mrs. Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient that she is on the road to health.

A. C. Mewa.

Mr. Hoffman presented the following petition.

To the Board of Supervisors of Wood County, Wisconsin. Gentlemen:—The undersigned members of the town of Hiles in Wood County, Wisconsin respectfully represent and petition your honorable body as follows: That the said town of Hiles at the annual town meeting held in and for said town on the 6th day of April 1904 voted to construct a bridge in said town across Turner Creek, where said creek crosses the highway, running north and south between section 26 and 27 township 23—2 east. That it is estimated that the said bridge will cost approximately \$800. That said town has provided for the payment of one-half of the cost of said construction of said bridge having appropriated the sum of four hundred dollars (\$400) for that purpose. That the cost of said bridge will exceed one-fourth of one per centum of all the taxable property in said town according to its last equalized valuation. Wherefore your petitioners pray that the county board of said Wood County appropriate the other half of such cost in accordance with the provisions of section 1819 of the Wisconsin statutes of 1898 and appoint commissioners pursuant to the provisions of said section.

Gentlemen:—The undersigned members of the town of Hiles in Wood County, Wisconsin, respectfully represent and petition your honorable body as follows: That the said town of Hiles at the annual town meeting held in and for said town on the 5th day of April 1904 voted to construct a bridge in said town across Kert Creek where said creek crosses the highway running east and west between sections 27 and 34 township number 23—2 east. That it is estimated that said bridge will cost approximately \$800. That said town has provided for the payment of one-half of the cost of said construction of said bridge having appropriated the sum of four hundred dollars for that purpose. That the cost of said bridge will exceed one-fourth of one per centum of all the taxable property in said town according to the last equalized valuation. Wherefore your petitioners pray that the county board

To the County Board of Supervisors of Wood County, Wisconsin.

The petition of the undersigned town board of Remington, Wood County, Wisconsin respectfully presents that the old wooden bridge now spanning Yellow River in section 21 town 21 range 3 is unsafe and a menace to the town, and at the last town meeting one thousand dollars was voted for the erection of a new bridge the estimated cost of which is two thousand dollars over 1-4 of one per cent of the assessed valuation of the town, whereas we petition that your honorable body appropriate one thousand dollars or one-half the cost of said bridge to assist in its construction.

Dated this 9th day of April 1904.

W. H. Remington, Chair.,
R. F. Haas,
L. P. Kamrad.

Mr. Schultz presented the following petition.

We, the undersigned board of supervisors of the town of Auburndale, Wood County, Wisconsin, hereby petition the honorable board of supervisors of Wood County, to appropriate to the town of Auburndale the one-half of the cost of building a steel bridge across Squaw Creek in said town where said creek crosses the quarter line of section five (5) in township twenty-five (25) north and range four (4) east in said town; the said town having at its last election raised the sum of four hundred dollars (\$400) for the purpose of assisting in building said bridge.

A. C. Mewa.

Mr. Hoffman presented the following petition.

To the Board of Supervisors of Wood County, Wisconsin. Gentlemen:—The undersigned members of the town of Hiles in Wood County, Wisconsin respectfully represent and petition your honorable body as follows: That the said town of Hiles at the annual town meeting held in and for said town on the 6th day of April 1904 voted to construct a bridge in said town across Turner Creek, where said creek crosses the highway, running north and south between section 26 and 27 township 23—2 east. That it is estimated that the said bridge will cost approximately \$800. That said town has provided for the payment of one-half of the cost of said construction of said bridge having appropriated the sum of four hundred dollars (\$400) for that purpose. That the cost of said bridge will exceed one-fourth of one per centum of all the taxable property in said town according to its last equalized valuation. Wherefore your petitioners pray that the county board of said Wood County appropriate the other half of such cost in accordance with the provisions of section 1819 of the Wisconsin statutes of 1898 and appoint commissioners pursuant to the provisions of said section.

CHRONIC DISEASES
Successfully treated by the latest scientific method as practiced in the principal hospitals of Europe and America. Consultation and Examination Free. Many leading citizens will testify to the successful results obtained during the several years of my practice in Grand Rapids.

NO SUFFERER NEED DESPAIR.
I have cured hundreds. Why need you suffer? All cases of Stomach and Bowel Trouble quickly cured. A number of my special remedies will convince those afflicted. Kidney and Bladder Diseases receive a new and most successful treatment. I have the greatest success in treating Nervous Diseases, Epilepsy (commonly called Pits) and Chronic St. Vitus Dance (usually called St. Vitus) is the great majority of cases to my special treatment. I can quickly cure without the use of the knife, painlessly and with no detention from business on the part of the patient.

THE AGE DEMANDS A SPECIALIST
Who is afflicted through special studies in his laboratories and investigation in the largest medical centers in the world to offer afflicted humanity a reasonable guarantee that they will be CURED, not temporarily relieved or stultified, but CURED TO STAY CURED.

CURE IS GUARANTEED IN EVERY CASE ACCEPTED
In adopting the most modern medical methods, I have not abandoned CLEAN HYGIENIC PRACTICE but an ever ready to sacrifice purely commercial gain if in any way I can help my patients.

Men's Diseases
I have devised a special treatment as the result of my investigation in Europe as well as in America. This treatment immediately relieves and permanently cures in cases of Gonorrhea, Hydrocele, Weakness, Loss of Energy, Gonorrhea, Gleet, Blood Poison, Inherited or acquired, and all diseases resulting from early excesses or indiscretions. Men suffering from chronic diseases who do not get well will be surprised and delighted by a trial of my special treatment for nervous weakness. Your physical, mental and business welfare depends on your nervous vitality. Let me make you a man again.

CONSISTENTLY PERMANENTLY CURED
Diseases of the Liver.—How many sick people in every community, due to this important organ's location. The greatest laboratory in our body should and ought to. Let me help you to let this "workshop" going again. My treatment gives untiring and prompt relief in these cases.

Woman's Diseases
I have been a patient student of the many diseases afflicting charming attributes of her sex are sacrificed. I know that time and again her life and the most delicate and most delicate of her sex are sacrificed. I have the pleasure of being able to cure, quickly and permanently, all the diseases of the female sex. I have perfected a plan of treatment that will within five days demonstrate to any woman its power to cure the most difficult and distressing cases. My charges are always reasonable and never more than you will be willing to pay for successful treatment. I practice on schemes to invite business and refer to my several years of successful treatment. I guarantee a cure or a refund of your money. I am a fair and square dealing, careful and honorable practitioner. I am a graduate of the University of Chicago. All correspondence and interviews strictly confidential.
